On the Path Toward a Culture of Health

COMMUNITY REPORT 2018

Chair, Board of Directors

Jason D. Alexander, MPP

To improve physical and mental health, solutions need to be suggested and connected to their community.

Developing Healthy Environments

To develop a healthy environment, a community needs to reduce crowd density, public transportation, and safe drivers and programs.

Creating Opportunities

To position families for success and healthy lives, they need post-secondary educational opportunities and financial stability.

As we look to the future, the foundation will ensure stability for our families and youth by creating opportunities for them to cope with life stresses.

Creating safe, healthy, aesthetically pleasing and thriving communities can ultimately lead to good health for all.

The few programs and stories highlighted in this report inspire the foundation to continue on its path to move families toward greater self-sufficiency and improved health.

The program does more than provide meals; it teaches about food preparation and basic life skills. It helps them to be more cognizant of eating better, and they can take those skills with them for the rest of their lives.
Thank you for joining us on the path toward a culture of health.

Through our foundation’s programs and grants to nonprofit partners, associate health equity, healthy growth and healthy communities for a greater, healthier tomorrow. This year, we are proud to showcase our foundation results story. Leadership and engagement is provided leadership to open doors for health at high school, transitional age, and comprehensive health care at the community level. In 2019, $2.8 million was awarded to 229 nonprofit partners. Our Board of Directors and staff encourage you to join us on the journey we are said to be an organization of leaders and engaged in the community.

OUR PURPOSE
Investing in organizations that help people live healthier lives;

Your gifts serve as a catalyst to fund programs far beyond what we could do on our own.

That is why we ask for your financial support.

Your support is the difference between wanting and creating change.

Thank you!
